

Custom Logo Mat - Artwork Submission

Acceptable Artwork Formats

Your artwork should be clear and in a good resolution that provides enough detail for our design team to work from.

We can work from almost any format, provided it is PC compatible, please convert MAC files to PC equivalent before you send them.

Preferred formats are: PDF, JPG, BMP, CDR, AI.

If you are scanning your artwork, please scan in full-colour, in a high resolution, 300dpi is usually OK.

If you need to supply a diagram to help explain your layout, please avoid writing on or marking the original artwork. (see example to right)

If you wish to add additional elements to your design, such as text for example, state exactly what text you require, include details like; font, colour, position in relation to other design elements and if it is normal, bold, italic etc.

How to Send

Option 1: Email

If your file size is less than 10Mb you can email your artwork to sales@thematfactory.co.uk

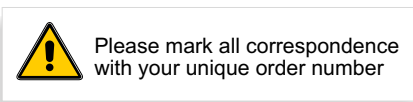

Option 2: File Transfer

For large files you can use web services such as www.yousendit.com or www.hightail.com send the files to sales@thematfactory.co.uk

Option 3: Post

Copy your file/s to a CD or Storage Device and Post to:

Kleen-Tex Industries Limited
 Cobden Mill Industrial Estate
 Emlyn Street, Farnworth
 Bolton BL4 7EB

Tips for Best Results

Use strong contrasting colours so your design stands out from the background colour of the mat.

Less is more - simple, clear, bold designs look better than crowded complex designs.

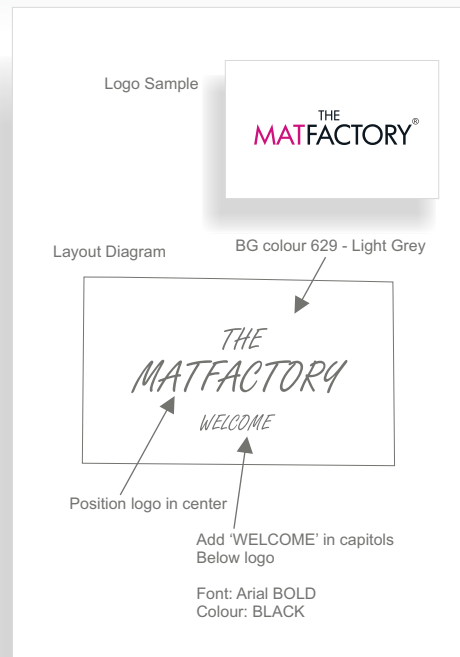

Avoid very small text as this can be difficult to read on the finished mat and may even blur.

Avoid completely filling the mat area with your design, this can look unprofessional, allow a good portion of the mat to remain clear around your design.
